

## WaterDiss2.0: Dissemination and uptake of FP water research results

# Key takeaways from the Special Session

Dr. Darla Nickel, Ulf Stein, Johanna von der Weppen  
Ecologic Institute Berlin

## Key takeaways

- ▶ **Bridging the science-policy interface is one of the most urgent issues on the political agenda.**
- ▶ **‘Getting your message across’ is not an easy task**
- ▶ **Successful dissemination depends on multiple factors. It requires:**
  - \* **A carefully planned concept and strategy (such as an IDS)**
  - \* **Sufficient time and resources (budget)**
  - \* **You might need help from professional knowledge brokers**
